## SEASONAL PROHIBITION ON THE POSSESSION OF MUTTON AND LANE SNAPPER IN CARIBBEAN FEDERAL WATERS BEGINS AT 12:01 A.M., LOCAL TIME, APRIL 1, 2009

NOAA Fisheries Service would like to remind fishermen there is a seasonal prohibition on fishing for or possession of mutton and lane snapper from 12:01 a.m., local time, April 1 through June 30 each year in U.S. Caribbean federal waters. Caribbean federal waters are those waters extending 200 nautical miles offshore from the 9-mile seaward boundary of the Commonwealth of Puerto Rico and the 3-mile seaward boundary of the territory of the U.S. Virgin Islands.

This action complies with regulations implemented under Amendment 3 to the Fishery Management Plan for the Reef Fish Fishery of Puerto Rico and the U.S. Virgin Islands to address required provisions of the Magnuson-Stevens Fishery Conservation and Management Act, and is necessary to protect these resources. The Caribbean Fishery Management Council, in cooperation with NOAA Fisheries Service, developed the amendment.

If you would like to receive these fishery bulletins via e-mail as soon as they are published, please e-mail us at:

[SERO.Communications.Comments@noaa.gov](mailto:SERO.Communications.Comments@noaa.gov)

You will still receive a hard copy of the bulletin through the mail.

This bulletin provides only a summary of the information regarding the existing regulations. Any discrepancies between this bulletin and the regulations as published in the *Federal Register* will be resolved in favor of the *Federal Register*. The *Federal Register* notice may be found at:
